

Tough love.

Move over, lightweights. The new Massey Ferguson® HD Series is here. It's the heaviest heavy-duty tractor in its class. In fact, no other utility tractor delivers more versatile, reliable, no-nonsense performance, even in the toughest conditions. With four models ranging from 74 to 97 engine horsepower*, they're easy to love. And tough to beat. To watch the HD Series outperform the competition, visit us online at masseyferguson.com/HD. Then see your dealer soon.

The new HD Series features an integrated system of all-steel components that work together as a unit, distributing the load to minimize wear.

HD SERIES

We've built these tractors to outperform your expectations, with a proven Perkins® turbocharged diesel engine and your choice of transmissions – our rugged 8 X 8 for loader work or a powerful 12 X 4 that's perfect for hay and field work.

MASSEY FERGUSON

MASSEY FERGUSON is a worldwide brand of AGCO.
