Right size. Right horsepower. Right on.

The new Massey Ferguson® 1526 Hydro compact tractor.

Welcome to the perfect fit. The newest model in our compact line that's not too big, not too small, and delivers the kind of versatility and performance that's just right. With 25 engine horsepower, the Massey Ferguson 1526 is ready and waiting to handle almost anything you throw at it. And its improved ergonomics include a semi-flat operator's station featuring a deluxe high-back seat and all major control functions close at hand. The MF1526. If you're thinking you're made for each other – you're right. Stop by soon for more information.

MASSEY FERGUSON is a worldwide brand of AGCO.
