

# It's true. We've created a new combine that has set a new mark for Gleaner.

We'll start building the Super Series at the beginning of 2011. But until then, we're going to build a limited number of 2011 R6 Series combines and make them available at our best deal ever.

**These R6 Series combines will include many features standard that were previously optional:**

- Lateral tilt
- An additional hydraulic outlet
- Hydraulic straw spreader
- New LED lighting package
- Over 30 improvements and enhanced standard features
- **We are equipping machines ordered before September 30, 2010 with our premium heated leather seat at no extra cost.**

**And just in time for the end of the tax year, orders placed for these 2011 R6s will get delivered before December 31<sup>st</sup> 2010 and have the interest waived until September 2011.**

This offer is for a very limited time and for a limited number of machines. Once these combines are spoken for, we will not be offering R6 Series combines again. This might be your last chance to get the new combine you've been wanting with a deal like we've never offered before.

**Contact your dealer quickly to reserve your Gleaner R6 Series.**

## **GLEANER®**

With approved credit from AGCO Finance LLC. Down payment may be required. This offer is time sensitive and may change without notice. See your participating dealer for details.
