

HESSTON
by MASSEY FERGUSON

Power and productivity, joined at the hip.

Some would call it synergy. We just call it the perfect match – our new Massey Ferguson® HD Series utility tractor paired with our Hesston by Massey Ferguson 1700 Series round baler. No combination works harder to produce quality bales efficiently. The HD Series is the heaviest heavy-duty tractor in its class. And with every bale, our 1700 Series round baler proves why Hesston is the #1 choice of professional producers. It's a team that's hard to beat – because how well they work together is what truly sets them apart.

Add productivity. Multiply bales. And subtract the interest – with rates as low as 0% on all HD Series tractors and Hesston by Massey Ferguson hay equipment.

Don't bother to shop around for the best tractor and baler to suit your needs, because now they're both in the same place – your local Massey Ferguson dealer. Pay them a visit soon, or visit masseyferguson.com.
