**HESSTON**  
by MASSEY FERGUSON

# A better baler. A better value. No matter how you cut it.

Hesston 1700 Series round balers by Massey Ferguson®. The only high-performance baler that's perfectly suited – and perfectly priced – for small to mid-sized farms. Built as tough as commercial balers, yet able to work with tractors producing as little as 30 horsepower, these four proven models create uniform bales in a full range of sizes. Some even offer electronic Auto-Tie™ – an industry exclusive. Top it off with up to 0% financing and you simply won't find a better baler. Or a better deal.

**Early Bird Special.** Make the most of next year's harvest — by acting now. Get 2009 pricing on all 2010 Hesston hay equipment. 0% financing for qualified buyers. Limited time offer.

*The MF1700 Series is the easiest baler in the industry to maintain, thanks to its streamlined drive system of just four chains and fewer moving parts. See your dealer now or visit [masseyferguson.com](http://masseyferguson.com).*

MASSEY FERGUSON is a worldwide brand of AGCO.

\*for qualified buyers, see dealer for details.
