

# It's your turn to make history.

You don't farm just for you. There are generations before you and generations that will come after. You live up to legacy as much as you build one for the future to come. And everything you do and everything you make—you're a caretaker and a steward of what has been entrusted to you so you can entrust it to those that follow. The future will expect more. More crop from less land. Pinpoint precision and management of every detail.

The next generation Gleaner features our new Vision™ cab with unparalleled control, comfort and convenience. With next generation powertrain, smart cooling and feeding, the Gleaner S9 is the perfect combine to make your farming legacy what you want.

You can learn more at [GleanerCombines.com](http://GleanerCombines.com) or from your Gleaner dealer.
